Request: HR Analytics – Attrition & Salary Insights

Dear Team,

As part of the upcoming workforce review, we would like to request an analysis of the current employee dataset across the areas outlined below. Kindly share your findings, along with supporting visuals, at your earliest convenience.

1. Attrition Overview

Identify the department with the highest number of employee resignations and terminations (Termd = 1), and provide a brief summary of the trend.

2. Salary Distribution

Provide a comparison summary of the average salary across each department, highlighting any notable differences worth flagging.

Please let us know if you need any clarification on the data fields or timelines. We look forward to reviewing the findings.

Best regards,
HR Team
